## Projects

---

### Donation Management System – MERN Stack

- Built a full-stack platform for donating food, clothes, and essential items using MERN
- Implemented role-based access for Donors, Admins, and Agents to manage item flow
- Enabled item listing by users, admin assignment to agents, and efficient pickup coordination

### Real Estate Website

- Built a responsive website for a real estate company using React.js
- Showcased property listings with clean UI and dynamic components
- Gained real-world experience working on client requirements and frontend development best practices

### Cyber Crime Analysis Dashboard

*Power BI, MS Excel*

- Developed an interactive Power BI dashboard analyzing cyber crime trends in India (2018–2022).
- Integrated **sliders** to filter data by year and state for dynamic, user-driven insights and comparisons

## Certifications

---

- META Front-End Developer - coursera
- IBM Full-Stack Developer -coursera
- Unlocking Power of Javascript -Scaler
- META Database Engineer -coursera
- Enhancing Soft Skill - NPTEL

## Honors & Awards

---

- Won 1st price in paper presentation conducted at SNS College of Technology
- Won 2nd price in Paper Presentation Conducted at Sri Krishna Arts And Science College
- Finalist in inter department ideathon (idea presentation)
